Index to Volume 127

This annual index is organized by first author and by title. Page numbers refer to the following issues:

Number 1 (January): 1–124
Number 2 (March): 125–252
Number 3 (May): 253–360
Number 4 (July): 361–476
Number 5 (September): 477–580
Number 6 (November): 581–686

AUTHOR INDEX

Adams. S. L., & Waskel, S. A. *Late onset alcoholism: Stress or structure*. 329–334.

Allen, B. A., & Armour-Thomas, E. *Construct validation of metacognition*. 203–211.

Barling, J., & Phillips, M. *Interactional, formal, and distributive justice in the workplace: An exploratory study*. 649–656.

Baron, L., Reznikoff, M., & Glenwick, D. S. *Narcissism, interpersonal adjustment, and coping in children of Holocaust survivors*. 257–269.

Buri, J. R., & Mueller, R. A. *Psychoanalytic theory and loving God concepts: Parent referencing versus self-referencing*. 17–27.

Byrd, K. R., O'Connor, K., Thackrey, M., & Sacks, J. M. *The utility of self-concept as a predictor of recidivism among juvenile offenders*. 195–201.

Chen, G.-M. *Self-disclosure and Asian students' abilities to cope with social difficulties in the United States*. 603–610.

DeFronzo, J., & Pawlak, R. *Being female and less deviant: The direct and indirect effects of gender on alcohol abuse and tobacco smoking*. 639–647.

Dollinger, S. J., & Leong, F. T. L. *Volunteer bias and the five-factor model*. 29–36.

Ebersole, P., & Persi, R. *The short index of self-actualization and death anxiety*. 359–360.

Elaad, E. *Detection of deception: A transactional analysis perspective*. 5–15.

Elaad, E. *The role of guessing and verbal response type in psychophysiological detection of concealed information*. 455–464.

Epps, K. J., Haworth, R., & Swaffer, T. *Attitudes toward women and rape among male adolescents convicted of sexual versus nonsexual crimes*. 501–506.

Erwin, P. G. *First names and perceptions of physical attractiveness*. 625–631.

Evans, E. D., Craig, D., & Mietzel, G. *Adolescents' cognitions and attributions for*

academic cheating: A cross-national study. 585–601.
Fukada, H., Fukada, S., & Hicks, J. *Stereotypical attitudes toward gender-based grade-level assignment of Japanese elementary school teachers.* 345–351.
Gibson, K. J., Zerbe, W. J., & Franken, R. E. *The influence of rater and ratee age on judgments of work-related attributes.* 271–280.
Goh, D. S. *Effects of HIV/AIDS information on attitudes toward AIDS: A cross-ethnic comparison of college students.* 611–618.
Hoagwood, K. *Poststructuralist historicism and the psychological construction of anxiety disorders.* 105–122.
Hundleby, J. D., Misumi, L., Van Kampen, J., & Keating, L. J. *The generality of individual differences in the estimation of size.* 233–242.
Johnsen, E., & Herringer, L. G. *A note on the utilization of common support activities and relapse following substance abuse treatment.* 73–77.
Johnson, M. E., & Knackstedt, G. *Sex role orientation and expectations about counseling.* 427–434.
Katz, Y. J., & Schmida, M. *Social orientation of students in the Israeli state high school system.* 303–310.
Kleinke, C. L., & Baldwin, M. R. *Responsibility attributions for men and women giving sane versus crazy explanations for good and bad deeds.* 37–50.
Kowner, R., & Ogawa, T. *The contrast effect of physical attractiveness in Japan.* 51–64.
Landau, E., & Weissler, K. *Parental environment in families with gifted and nongifted children.* 129–142.
Larose, H., Tracy, J., & McKelvie, S. J. *Effects of gender on the physical attractiveness stereotype.* 677–680.
Lewis, C. A. *Oral pessimism and depressive symptoms.* 335–343.
Lipkus, I. M., & Siegler, I. C. *The belief in a just world and perceptions of discrimination.* 465–474.
Long, V. O. *Masculinity, femininity, and male scientists' self-esteem and self-acceptance.* 213–220.
Losier, G. F., Bourque, P. E., & Vallerand, R. J. *A motivational model of leisure participation in the elderly.* 153–170.
Lott, B., Lott, A., & Saris, R. *Voter preference and behavior in the presidential election of 1988.* 87–97.
Mandes, E., & Kellin, J. *Male–female response profile differences on the WAIS–R in clients suffering from borderline personality disorders.* 565–572.
Mann, T. L. *A failure of nonshared environmental factors in predicting sibling personality differences.* 79–86.
Martin, J. *The problem with therapeutic science.* 365–374.
McLennan, J., Akande, A., & Bates, G. W. *Death anxiety and death denial: Nigerian and Australian students' metaphors of personal death.* 399–407.
McLennan, J., Bates, G. W., Johnson, E., Lavery, A. R., & Horne, D. De L. *The Death Fantasy Scale: A measure based on metaphors of one's personal death.* 619–624.
Mills, J. K., & Andrianopoulos, G. D. *The relationship between childhood onset obesity and psychopathology in adulthood.* 547–551.
Mills, J. K., Sirgo, V. I., & Hartjes, D. T. *Perceptions of excessive alcohol consumption in stressful and nonstressful situations among undergraduates.* 543–546.
Murray, J. B. *Relationship of childhood sexual abuse to borderline personality disorder, posttraumatic stress disorder, and multiple personality disorder.* 657–676.
Mwamwenda, T. S. *Formal operations and academic achievement.* 99–103.
Mwamwenda, T. S. *Sex differences in formal operations.* 419–425.
Nathawat, S. S., & Mathur, A. *Marital adjustment and subjective well-being in Indian-educated housewives and working women.* 353–358.
Ogletree, S. M., Denton, L., & Williams, S. W. *Age and gender differences in children's Halloween costumes.* 633–637.

Orpen, C. *The effect of organizational cultural norms on the relationships between personnel practices and employee commitment.* 577–579.
Paese, P. W. *Uncertainty assessment accuracy and resource allocation outcomes: An empirical test of a presumed relation.* 443–450.
Palmer, R. J., Welker, R. B., & Giacalone, R. *The context of anticipated performance evaluation, self-presentational motivation, and performance effort.* 179–193.
Pedrabissi, L., Rolland, J. P., & Santinello, M. *Stress and burnout among teachers in Italy and France.* 529–535.
Persinger, M. A., Ballance, S. E., & Moland, M. *Snow fall and heart attacks.* 243–252.
Ryska, T. A. *Coping styles and response distortion on self-report inventories among high school athletes.* 409–418.
Sadowski, C. J. *An examination of the short Need for Cognition Scale.* 451–454.
Sadowski, C. J., Long, C. K., & Jenkins, L. R. *Does substance abuse treatment have self-schematic effects?* 323–327.
Scherer, R. F., Drumheller, P. M., & Owen, C. L. *Evaluating differences in cognitive appraisal and coping over stages of a transaction.* 435–441.
Schoderbek, P. P., & Deshpande, S. P. *Performance and nonperformance factors in pay allocations made by managers.* 391–397.
Schumaker, J. F., Shea, J. D., Monfries, M. M., & Groth-Marnat, G. *Loneliness and life satisfaction in Japan and Australia.* 65–71.
Seff, M. A., Gecas, V., & Frey, J. H. *Birth order, self-concept, and participation in dangerous sports.* 221–232.
Seifert, L. S. *Real-world knowledge facilitates interpretation of paintings by naive art observers.* 573–575.
Sidanius, J. *The interface between racism and sexism.* 311–322.
Sistler, A. B., & Blanchard-Fields, F. *Being in control: A note on differences between caregiving and noncaregiving spouses.* 537–542.
Tepper, B. J., & Tepper, K. *The effects of method variance within measures.* 293–302.
Terpstra, D. E., Rozell, E. J., & Robinson, R. K. *The influence of personality and demographic variables on ethical decisions related to insider trading.* 375–389.
Thumin, F. J. *Predictor validity as related to criterion relevance, restriction of range, and ethnicity.* 553–563.
Townsend, J. M., & Roberts, L. W. *Gender differences in mate perference among law students: Divergence and convergence of criteria.* 507–528.
Truan, F. *Addiction as a social construction: A postempirical view.* 489–499.
Tziner, A., Kopelman, R. E., & Livneh, N. *Effects of performance appraisal format on perceived goal characteristics, appraisal process satisfaction, and changes in rated job performance: A field experiment.* 281–291.
Warren, B. *The problem of religion for constructivist psychology.* 481–488.
Watt, J. D. *The impact of the frequency of ingratiation on the performance evaluation of bank personnel.* 171–177.
Weissler, K., & Landau, E. *Characteristics of families with no, one, or more than one gifted child.* 143–152.

TITLE INDEX

Addiction as a social construction: A postempirical view. *Franklin Truan.* 489–499.

Adolescents' cognitions and attributions for academic cheating: A cross-national study. *Ellis D. Evans, Delores*

Craig, & Gerd Mietzel. 585–601.
Age and gender differences in children's Halloween costumes. *Shirley Matile Ogletree, Larry Denton, & Sue Winkle Williams.* 633–637.
Attitudes toward women and rape among male adolescents convicted of sexual versus nonsexual crimes. *Kevin J. Epps, Rebecca Haworth, & Tracey Swaffer.* 501–506.
Being female and less deviant: The direct and indirect effects of gender on alcohol abuse and tobacco smoking. *James DeFronzo & Rebecca Pawlak.* 639–647.
Being in control: A note on differences between caregiving and noncaregiving spouses. *Audrey B. Sistler & Fredda Blanchard-Fields.* 537–542.
The belief in a just world and perceptions of discrimination. *Isaac M. Lipkus & Ilene C. Siegler.* 465–474.
Birth order, self-concept, and participation in dangerous sports. *Monica A. Seff, Viktor Gecas, & James H. Frey.* 221–232.
Characteristics of families with no, one, or more than one gifted child. *Kineret Weissler & Erika Landau.* 143–152.
Construct validation of metacognition. *Brenda A. Allen & Eleanor Armour-Thomas.* 203–211.
The context of anticipated performance evaluation, self-presentational motivation, and performance effort. *Richard J. Palmer, Robert B. Welker, & Robert Giacalone.* 179–193.
The contrast effect of physical attractiveness in Japan. *Rotem Kowner & Toshiki Ogawa.* 51–64.
Coping styles and response distortion on self-report inventories among high school athletes. *Todd A. Ryska.* 409–418.
Death anxiety and death denial: Nigerian and Australian students' metaphors of personal death. *Jim McLennan, Adebowale Akande, & Glen W. Bates.* 399–407.
The Death Fantasy Scale: A measure based on metaphors of one's personal death. *Jim McLennan, Glen W. Bates, Emelie Johnson, Ann R. Lavery, & David De L. Horne.* 619–624.
Detection of deception: A transactional analysis perspective. *Eitan Elaad.* 5–15
Does substance abuse treatment have self-schematic effects? *Cyril J. Sadowski, Carolyn K. Long, & Linda R. Jenkins.* 323–327.
The effect of organizational cultural norms on the relationships between personnel practices and employee commitment. *Christopher Orpen.* 577–579.
Effects of gender on the physical attractiveness stereotype. *Helene Larose, Joanne Tracy, & Stuart J. McKelvie.* 677–680.
Effects of HIV/AIDS information on attitudes toward AIDS: A cross-ethnic comparison of college students. *David S. Goh.* 611–618.
The effects of method variance within measures. *Bennett J. Tepper & Kelly Tepper.* 293–302.
Effects of performance appraisal format on perceived goal characteristics, appraisal process satisfaction, and changes in rated job performance: A field experiment. *Aharon Tziner, Richard E. Kopelman, & Neomi Livneh.* 281–291.
Evaluating differences in cognitive appraisal and coping over stages of a transaction. *Robert F. Scherer, Philip M. Drumheller, & Crystal L. Owen.* 435–441.
An examination of the short Need for Cognition Scale. *Cyril J. Sadowski.* 451–454.
A failure of nonshared environmental factors in predicting sibling personality differences. *Tammy L. Mann.* 79–86.
First names and perceptions of physical attractiveness. *Philip G. Erwin.* 625–631.
Formal operations and academic achievement. *Tuntufye S. Mwamwenda.* 99–103.
Gender differences in mate preference among law students: Divergence and convergence of criteria. *John Marshall Townsend & Laurence W. Roberts.* 507–528.
The generality of individual differences in

the estimation of size. *John D. Hundleby, Linda Misumi, Janice Van Kampen, & Leo J. Keating*. 233–242.
The impact of the frequency of ingratiation of the performance evaluation of bank personnel. *John D. Watt*. 171–177.
The influence of personality and demographic variables on ethical decisions related to insider trading. *David E. Terpstra, Elizabeth J. Rozell, & Robert K. Robinson*. 375–389.
The influence of rater and ratee age on judgments of work-related attributes. *Kevin J. Gibson, Wilfred J. Zerbe, & R. E. Franken*. 271–280.
Interactional, formal, and distributive justice in the workplace: An exploratory study. *Julian Barling & Michelle Phillips*. 649–656.
The interface between racism and sexism. *Jim Sidanius*. 311–322.
Late onset alcoholism: Stress or structure. *Scot L. Adams & Shirley A. Waskel*. 329–334.
Loneliness and life satisfaction in Japan and Australia. *John F. Schumaker, John D. Shea, Melissa M. Monfries, & Gary Groth-Marnat*. 65–71.
Male-female response profile differences on the WAIS-R in clients suffering from borderline personality disorders. *Evans Mandes & Julie Kellin*. 565–572.
Marital adjustment and subjective well-being in Indian-educated housewives and working women. *S. S. Nathawat & Asha Mathur*. 353–358.
Masculinity, femininity, and male scientists' self-esteem and self-acceptance. *Vonda O. Long*. 213–220.
A motivational model of leisure participation in the elderly. *Gaëtan F. Losier, Paul E. Bourque, & Robert J. Vallerand*. 153–170.
Narcissism, interpersonal adjustment, and coping in children of Holocaust survivors. *Lisa Baron, Marvin Reznikoff, & David S. Glenwick*. 257–269.
A note on the utilization of common support activities and relapse following substance abuse treatment. *Eric Johnsen & Lawrence G. Herringer*. 73–77.
Oral pessimism and depressive symptoms *Christopher Alan Lewis*. 335–343.
Parental environment in families with gifted and nongifted children. *Erika Landau & Kineret Weissler*. 129–142.
Perceptions of excessive alcohol consumption in stressful and nonstressful situations among undergraduates. *Jon K Mills, Vivian I. Sirgo, & Diane T. Hartjes*. 543–546.
Performance and nonperformance factors in pay allocations made by managers. *P. P. Schoderbek & Satish P. Deshpande*. 391–397.
Poststructuralist historicism and the psychological construction of anxiety disorders. *Kimberly Hoagwood*. 105–122.
Predictor validity as related to criterion relevance, restriction of range, and ethnicity. *Fred J. Thumin*. 553–563.
The problem of religion for constructivist psychology. *Bill Warren*. 481–488.
The problem with therapeutic science. *Jack Martin*. 365–374.
Psychoanalytic theory and loving God concepts: Parent referencing versus self-referencing. *John R. Buri & Rebecca A. Mueller*. 17–27.
Real-world knowledge facilitates interpretation of paintings by naive art observers. *Lauren Sue Siefert*. 573–575.
The relationship between childhood onset obesity and psychopathology in adulthood. *Jon K. Mills & Georgia D. Andrianopoulos*. 547–551.
Relationship of childhood sexual abuse to borderline personality disorder, posttraumatic stress disorder, and multiple personality disorder. *John B. Murray*. 657–676.
Responsibility attributions for men and women giving sane versus crazy explanations for good and bad deeds. *Chris L. Kleinke & Michael R. Baldwin*. 37–50.
The role of guessing and verbal response type in psychophysiological detection of concealed information. *Eitan Elaad*. 455–464.
Self-disclosure and Asian students' abilities to cope with social difficulties in the

United States. *Guo-Ming Chen*. 603–610.
Sex differences in formal operations. *Tuntufye S. Mwamwenda*. 419–425.
Sex role orientation and expectations about counseling. *Mark E. Johnson & Georgia Knackstedt*. 427–434.
The short index of self-actualization and death anxiety. *Peter Ebersole & Roxi Persi*. 359–360.
Snow fall and heart attacks. *M. A. Persinger, Susan E. Ballance, & Michael Moland*. 243–252.
Social orientation of students in the Israeli state high school system. *Yaacov J. Katz & Mirjam Schmida*. 303–310.
Stereotypical attitudes toward gender-based grade-level assignment of Japanese elementary school teachers. *Hiromi Fukada, Seiko Fukada, & Joe Hicks*. 345–351.
Stress and burnout among teachers in Italy and France. *Luigi Pedrabissi, J. P. Rolland, & M. Santinello*. 529–535.
Uncertainty assessment accuracy and resource allocation outcomes: An empirical test of a presumed relation. *Paul W. Paese*. 443–450.
The utility of self-concept as a predictor of recidivism among juvenile offenders. *Kevin R. Byrd, Kevin O'Connor, Michael Thackrey, & Joseph M. Sacks*. 195–201.
Volunteer bias and the five-factor model. *Stephen J. Dollinger & Frederick T. L. Leong*. 29–36.
Voter preference and behavior in the presidential election of 1988. *Bernice Lott, Albert Lott, & Renee Saris*. 87–97.
